23 October, 2019

Dear Parents/Guardians,

As a continuation of our ongoing commitment to providing quality education for all students, we fully understand the importance of the English Language Proficiency Assessment for California (ELPAC) and its relevance to our students' academic success.

The English Language Development Continuum (ELD) helps us better understand our students' language development level. The ELPAC helps us assess students' English language proficiency, which is essential for their academic success.

The ELPAC is administered three times a year, in October, January, and May. It is important to know that the ELPAC is a standardized test, designed to measure students' English language proficiency.

Here are some key points:

1. The ELPAC assesses students' English language proficiency.
2. It is important to take the ELPAC seriously, as it helps us understand students' academic needs.
3. Students who do not speak English as their first language may benefit from the ELPAC.
4. The ELPAC is available in both English and Spanish.

The ELPAC website offers resources and practice tests for parents:

To learn more about the ELPAC, visit the ELPAC website:
https://www.elpac.org/resources/practicetests/.

We encourage all students to take the ELPAC seriously, as it helps us understand their educational needs.

Sincerely,

[Signatures]
