The Los Angeles Unified School District is committed to providing for the safety of our students and staff. This requires applicants to be fingerprinted and satisfactorily pass a background investigation prior to the start of work. Fingerprints are transmitted to the California Department of Justice and the Federal Bureau of Investigation for a criminal conviction records check.

By signing below, you acknowledge that *any* offer and acceptance of employment made prior to the clearance of a background investigation may be rescinded in the event that the investigation produces information that does not meet District employment standards.

Additionally, you acknowledge that **you cannot start work** until you have been advised by your employment office that the background investigation has been completed and you have been cleared for employment.
