

## LAUSD Education Technology K-12 Voucher FACT SHEET – APRIL 2015 ALLOCATION

The District is pleased to announce the Microsoft Voucher Program April 2015 Allocation. Each eligible school received an additional voucher allocation that can be used to order the products listed below.

The Fact Sheet supplements the LAUSD Education Technology K-12 Planning Sheet. It provides high level specification tables of all items available for purchase through the California Educational Technology K-12 Voucher Program. The Fact Sheet and the Planning Sheet were created to assist schools with the ordering process. When you are ready to order, log in at <https://bes2a.lausd.net/vouchers>.

The LAUSD Education Technology K-12 Voucher Program is not related to any other District program or project that may provide technology equipment, such as Instructional Technology Initiative (ITI) and My Integrated Student Information System (MiSiS).

Please note: Prices for Category B below include delivery, setup, integration fees, and 9% tax rate. Actual prices listed in the online order form may vary based on your city’s tax rate.

### CATEGORY A: Software Upgrades

SOFTWARE UPGRADES
