

City of Angels Summer Device Planning

FAQ 2022

As the end of the year approaches, please see guidelines below that are to assist your Virtual Academy with general questions regarding devices.

**Please note: Campus offices not hosting summer school will remain open for 2 weeks after the June 10th summer release date for device returns. Additionally, all school offices will reopen the 2nd week of August for device returns.*

Students & Staff

What If a student is graduating or leaving LAUSD?

Please have students return their hotspots and/or devices along with chargers and cases to the LAUSD school campus nearest to their residence or any Local District office.

What If a teacher is leaving LAUSD or City of Angels Virtual Academy?

City of Angels teachers leaving LAUSD or City of Angels Virtual Academy will need to return their hotspot and/or device along with chargers and cases to the Virtual Academy location at the Beaudry offices

Students Continuing LAUSD Enrollment

If student is leaving Virtual Academy and attending another LAUSD school, does the student keep their device?

Yes, students should keep their device. IT Asset Management will update Remedy to assign the device to the student's current school.

If a student is attending summer school, does the student keep their device?

Yes, students should keep their current issued device if they are attending summer school.

NOTE: If a graduating senior student is attending summer school for credit make up, please have the student return the device after completion of summer school.

If my current student is transferring to Virtual Academy, do they keep their device?

Advise parent to submit a request at device.lausd.net for a home use device. Please swap school issued device upon receiving Emergency Connectivity Fund (ECF) device.
