

## ATHLETIC TRAINER

### DEFINITION

An Athletic Trainer works with the Athletics Director in the development and implementation of programs for the prevention, recognition, evaluation, care, and rehabilitation of student athletic injuries.

### TYPICAL DUTIES

- Advises students and coaches on flexibility, strengthening, lifestyle wellness, and conditioning programs to help prevent injuries and optimize performance.
- Conducts systematic evidence-based assessments to evaluate athletic injuries and plan of care, provides immediate care for athletic injuries, and refers athletes to appropriate medical facilities when necessary.
- Communicates with coaches, parents, and physicians regarding student athletic injuries, treatment, and rehabilitation, and assists in determining if rehabilitated students are ready to return to athletic activities by informing the coach through written or oral communication.
- Provides athletic training coverage during school varsity and non-varsity sports practice and home contests, based on the risk of injury of the sport.
- Develops and implements concussion-management and return-to-play plans based on knowledge of best practices.
- Rehabilitates and reconditions athletic injuries, illnesses, and general medical conditions in order to achieve optimal activity level through the application of therapeutic exercise, modality devices, and manual techniques, under the direction of a referring physician.
- Assists students with the prevention of athletic injuries through the application of protective tapings, wraps, and braces.
- Maintains accurate medical records on all student injuries and treatments administered, as well as physician referrals and rehabilitation procedures.
- Develops comprehensive emergency action plans for each on-campus athletic venue or facility.
- Oversees and maintains an orderly, sanitary, and safe high school athletic training facility.
- Recommends and orders program athletic training supplies and equipment, and also inventories.
- Conducts sports medicine workshops for District coaches covering topics such as: injury prevention, recognition, treatment, and rehabilitation, basic first aid and CPR, blood borne pathogens, District sports medicine protocols, and other health-related topics.
- May provide enrichment activities for an athletic training student aide program in accordance with the schools clubs and activities guidelines.
- May promote athletic training programs within the school district and the medical community through newsletters, brochures, media, etc.
- Performs related duties as assigned.

### DISTINGUISHING CHARACTERISTICS AMONG RELATED CLASSES

An Athletic Trainer works with a certificated Athletics Director and/or a consulting physician in sports medicine in the physical conditioning and instruction of student athletes by providing assistance in the prevention, recognition, evaluation, care, and rehabilitation of athletic injuries. An Athletic Trainer serves as a liaison between physicians, coaches, athletes, and parents.

An Athletics Assistant assists a coach in a seasonal sport's activity in the conditioning of athletes and coaching in the sport's fundamentals. An Athletics Assistant usually is employed less than 80 hours a pay period and may not be employed more than 799 hours a year.
